

Thank you for volunteering to help count the number of motor vehicles parked on-street, at different times, on one or more blocks in the Eastlake neighborhood. By combining these counts, we will show the City the need for better parking policies. See attached sheet for estimates of the number of legal on-street parking spaces on each block; if you have time, please help us improve these estimates by doing your own measurements. Photos of any unusual situations are also most welcome.

Please do your counts on two consecutive days including Tuesday, Wednesday, or Thursday, and please do your counts after 9 p.m. or before 7 a.m. Additional counting times are also welcome. For any questions, contact the Eastlake Community Council at info@eastlakeseattle.org or 206-322-5463. Please send filled-out forms to info@eastlakeseattle.org or to ECC c/o Lake Union Mail, 117 E. Louisa St. #1, Seattle, WA 98102-3278. Thanks!

EASTLAKE PARKING UTILIZATION SURVEY FORM

name of volunteer (please print)

phone

e-mail address

which street block(s) did you count? (be sure to list the cross streets at each end)

Date(s) and time(s), and the count of on-street parked motor vehicles for each date and time:

Percent of existing on-street parking spaces occupied by motor vehicles (divide the number of motor vehicles occupying on-street parking spaces by the total number of legal on-street parking spaces--can be over 100 percent if some cars are parked in illegal locations)

Comments: (e.g. any extra-long vehicles, motorcycles/scooters, temporary no-parking signs, illegal parking such as blocking driveway or corner, etc.)

ON-STREET PARKING SPACES FOR EACH BLOCK IN EASTLAKE (please help fill in or re-check these measurements. A standard parking space is 22 feet, or down to 18 feet at each end).
