

EASTLAKE NEWS

October 1984

**OCTOBER MEETING
LITTER CLEANUP DAY AND PARKING
STUDY WORK PARTY**

**OCTOBER 16 at SEWARD SCHOOL
POTLUCK 6:30
WORK PARTY 7:00**

In our last newsletter, we announced our theme for this year as Taking Care of Eastlake. Not standing on ceremony, we're starting off on our list of things to do for Eastlake by organizing the **84th Annual Litter Cleanup Day and 1st Annual Litter Lottery**. We have selected November 3rd as the big day. Jules James is arranging for us to use the parking lot across the street from the Eastlake Quick Stop Deli (next to Kelly's) as a central collection point.

Work Party

This meeting will start with a work party organizing litter day. At the meeting we'll be working on publicity, hauling arrangements, targeting the worst areas for cleanup, what to do in case of rain, getting prizes for the lottery, etc. Bring your working tools: flyer-making materials, imagination, names of people who might help, etc. (anybody have a portable typewriter?). Our goal is to have Litter Day organized and ready to go by the time we leave the meeting.

Parking Study

The project which was everybody's second choice on the list (see over) was the parking study. At the Oct. 16 meeting, the Land Use Committee will hold an initial organizational meeting to identify what resource are needed to do the study and what questions should be included in the study.

TERRY PETTUS LEAVES US

We are sad to report that our dear friend Terry Pettus died of a heart attack on Oct. 6. Terry was one of the founders of ECC and a vigorous supporter over many years. It's been said of Terry that he was like a great work of art: once you knew him, you were never quite the same again. Terry's accomplishments from drafting the Seattle Shorelines Masterprogram to saving the houseboats are too long to list here. He always said that the real purpose of the community council was just that--to build a sense of community in a society which sometimes seems designed to alienate people. We will miss Terry sorely but will carry on his community spirit and his cause.

Services are planned, but the date has not yet been chosen. Terry asked that memorials be made to the cause dearest to his heart, the Floating Homes Association Legal Fund, 2329 Fairview E. Seattle 98102.

POSSIBLE PROJECTS FOR THIS YEAR

We first published the projects list last month. We got such an enthusiastic response that we decided to publish it again this month to be sure everybody has a chance to participate in choosing this year's ECC activities.

PARKING STUDY: We all complain about the parking problem, but we can't do anything constructive or hope to appeal parking problems until we have a study. We want to get experts to help us design a study and volunteers to do the car-counting.

ALLEY TRAFFIC: It's getting bad. Everybody is complaining. We need a group to sit down and work up a list of options on what we can do about it.

(Cont'd on back page)

**Eastlake Community Council
108 E. Roanoke 325-7379**

POSSIBLE PROJECTS (CONT'D)

WATER POLLUTION: From sewage overflows when it rains to the PCB and oil dumps, we are doing a real number on Lake Union. What can we do about cleaning it up?

NOISE,NOISE,NOISE: We need to do a study of noise levels in the neighborhood before we can begin to talk about how to reduce it. Again, there are experts who can help us plan the study. Then we can find volunteers to man the meters.

SERVICES: Our senior citizens really need a place that's open to them during the day. What can we do to get one?

NEWSLETTER: We need to work out a better system for writing and distributing the newsletter to make sure that everybody gets it on time.

HAVE YOU RENEWED? Just above your address is we list the date your dues should be renewed. If you have not renewed, send your renewal along to Dan Reiss, 108 E. Roanoke. (If you think we erred, call Beth at 325-5139 to correct the list.)

**CANDIDATE'S NIGHT
OCT. 17 7:30**

CHURCH HALL (Harvard East and E. Edgar)

Be an informed voter! There will be candidates for the 43rd district, judges, governor's representatives, and initiatives at the Candidate's Night sponsored by Montlake, Eastlake, Portage Bay, and Ravenna Community Councils.

LAND USE: We are being swamped in policies and white boards. What about those (big) new buildings? This is something we always have to watch. We need a land use committee with a plan of action and a neighborhood defense fund to help them with appeals.

LITTER CLEAN UP DAY: This place is a mess. Time to muck out. How about doing in one day giving a prize to the most diligent mucker-outers?

HAMLIN STREET BUS SHELTER: We've been waiting for ten years. Maybe we should just build it ourselves.

STREET TREE PLANTING: This is a project long in our hearts. It's been added to the list because so many people mentioned it as an "other" last month.

OTHER: (PLEASE SPECIFY)

CLASSIFIEDS

This is a new section. If you want to run a classified, call Beth at 325-5139. The cost is \$2.00 for four lines, senior citizens \$.50.

*ECC is making a list of reputable carpenters, house cleaners, yard maintenance people, and others. If you provide such a service, call 325-5139 to get your name on the list. (There is a special list for kids.)

YES! I want to help take care of Eastlake. My dues are enclosed.
