21st--General Meeting
7:30 S.S.

July

1st--Unannounced Event
(save a place)
19th--General Meeting
7:30 S.S.

Our General Meeting will be held Nov. 16 at 7:30 p.m. at Seward School. At this meeting we will begin our experiment with general meetings. We hope to begin the meetings with a half hour program of interest to Eastlakers and then to break into small groups to work on projects (including a special group for new members). We hope this will cut down the number of meetings and give people an opportunity to make a concrete contribution to the neighborhood when they attend Eastlake meetings.

Our speaker this month will be Judith Matchett of the Citizen's Metro Advisory Council. The MAC is a board of citizens which makes recommendations to Metro transit. Ms. Matchett will tel us what it does and how citizens can become involved. The are many such groups in Seattle, and ECC hopw to bring them to residents this year as part of a series of speakers on citizen participation.

There will be a suggestion box at the meeting, and your comments an the meeting format will be appreciated.

Floating Homes Assn. has again asked Eastlake to join them in the Annual Floating Homes Christmas Cruise on the Virginia V. Tickets are \$6.00 for adults and \$3.00 for children. This is the 13th Annual Cruise, and it's perennial popularity is well merited. To get tickets, call one of the board or send your check to our treasurer, Cathy Powell 2937 Boylston E. #2. DO IT EARLY. Tickets are limited and sell out quickly. The Cruise will be held December 18, leaving the Virginia V dock at 4 p.m. (The Virginia V is moored at Fisherman's Terminal in Salmon Bay). Join us!

Helicopters--The decision of the Shorelines hearings Board prohibiting Sea First from building a helipad on the computer center has been overturned in Superior Court by Judge Mifflin. Corporation Counsel did not bother to notify Eastlake Council until just seven days before an appeal filing was due. In the meantime, Corporation Counsel quietly decided not to pursue an appeal, and now Eastlakers can add helicopters to the float plane noise. The noise ordinance is not due for a vote on plane noise until July 1977. There is no safety ordinance for Lake Union. One day, a helicopter and a float plane are going to collide over a tour boat. Then maybe the danger of the present situation will become apparent to all. In the meantime, chalk up another blooper to Corporation Counsel.

EastLake Hotel--The hearing on the adequacy of the EIS for the Eastlake Hotel will be held Nov. 15. Those who would like to attend and need more information should contact Phyllis Boyker 325-7000 or Ron & Kay Adams 325-6844.

Diverter--The Transportation Committee of the City Council has put off the matter of the temporary traffic diverter once again, due to business complaints that they did not receive adequate notice of the previous public hearing. Another public hearing will be held in January in the Eastlake neighborhood. The exact date is not yet determined.

Sea-First--The EIS is not yet finished. We're still waiting.....

APPLICATION FOR MEMBERSHIP

New membership _____, Renewal _____
If you live, work, or own property in the Eastlake area,
and agree with the purposes of the council, please join us.
\$2.00 individual; \$3.00 family or business.
Name _____
